

The Sky At Night

Chorus- Passions rise as our love starts to take its flight
Darkness fades with the glow of stars that light 'The Sky At Night'

Verse 01

- Hey over there, skin kinda fair
bout to hit the bar maybe you can grab a chair
I'm lucky in the game of love, wanna be a player
sexy don't compare, and you don't care
- so how bout one on one, sound kinda fun
give the dance floor a run, I'll show you how its done
Ain't no telling how you'll do, you could win a ton
Competition faded, they'll be none

Bridge- Standing near you
there's so much I'd do
turn your world blue
make you happy, I'd love to

Chorus- x 2

Verse 02

- The night's kinda bright, the club sort of cool
Let's make it kinda tight n' do it old skool
You shake it so right I gotta do you true
I'll give it all my might you ain't no fool
- Say you got the time pour another wine
Anywhere you draw the line I'll just watch your shine
(You can) call any case of mine I got plenty rhymes
You looks Styles inclined that ass is so fine

Bridge- Standing near you
there's so much I'd do
turn your world blue
make you happy, I'd love to

Chorus- x 2

Verse 3

- So now the club is through, what we gonna do
Take it back to my spot n' turn the night blue
Just me and you a party for two
Soon as I'm done with the woo it's sexin' you
- Any way you call I'll be on the ball
Carpet burns on the floor or up against the wall
Mind the sofa in the hall I don't make the law
But it's crazy love hope you don't fall

Bridge- Standing near you
there's so much I'd do

turn your world blue
make you happy, I'd love to

Chorus- x 2
